

how does it work?

We travel to many countries where the church is known as a sect or even the enemy. Street preachers are thrown in jail because it is forbidden to speak of a relationship with Christ. However, it is perfectly acceptable for musicians to introduce songs, mimes are allowed to elaborate on a drama, and painters can explain their artwork. Music, art and drama are not the gospel, but the gospel can be given an opportunity to be heard through the use of culturally relevant art forms.

who do we work with?

Our ministry with Proclaim! International is public evangelism through music and the arts. When we send a team for a two-week campaign, for example, we do so only after consultation with the local churches and ministries and at their invitation. This insures that we will be able to work harmoniously with local partners who will be in the community long-term to gather and preserve the fruit of the evangelism. These local churches and ministries carry the ongoing burden and responsibility of reaching out to their own communities. We can assist them in many specific ways, but only if we can work together as true partners. In this way we can help build up local churches. In this way we also have been instrumental in helping numerous local churches and ministries launch new church planting projects.

Ministering to Muslims in North Africa

Proclaim! International is a community of missionaries called to proclaim the gospel with creativity, humility and boldness, in obedience to the authority of Jesus Christ.

Our commitment is to labor alongside believers of integrity, by bringing our gifts to serve so that the church may express itself in its fullness.

We desire further to honor God by doing all things with excellence and above all to “love one another” proving ourselves to be His disciples.

Field Assignment:

Germany
&
Itinerant Ministry
In
Europe
Central Asia
The Balkans
North Africa

misconceptions

Many North Americans view Europe as an evangelized continent... after all, it's the birthplace of Protestant Christianity. However, the population of Christ followers in many countries is **less than two percent**. Those who have heard of Christianity view it as a thing of the past and may associate it with a ruling political system. They've experienced a caricature of Christianity that holds no validity. When it comes to spirituality, **Europe is needy**. We are willing to go, live among the people in Germany, and tell them about His love.

why Germany?

- ◆ While **Christianity is declining**, Islam, Buddhism and other false religions are growing in numbers
- ◆ Our ministry partners are **desperate** for help to reach the lost
- ◆ The population struggles with apathy and spiritual deadness
- ◆ The church has **lost faith** that people will respond to the gospel
- ◆ Our presence **completes a team** that can **respond** to the needs of national churches and church planters **quickly and efficiently**
- ◆ Germany is a **central location** for campaigns throughout Europe, Asia, Balkan countries, North Africa and beyond
- ◆ Germany is a strong, stable and powerful country within the E.U.

the needs

- ◆ Lift up and mobilize a silent German church and help them reach an apathetic, "post-Christian" people
- ◆ Training in how to reach and minister to a **rapidly growing Muslim population**
- ◆ Help the church regain it's missions/**Great Commission** focus

the vision-a *dual* ministry role

- ◆ Working and ministering in **Germany**
- ◆ Itinerant ministry-Being involved in **cross cultural campaigns** throughout Europe, Asia, Africa and beyond

our role

- ◆ Using **music as a platform to deliver the gospel** to the lost and unreached in Germany and other surrounding countries
- ◆ Serve, assist, train and mobilize national churches and church planters to **reach their communities for Christ**
- ◆ Planning, implementing, and participating in **evangelistic campaigns** throughout Germany and surrounding countries
- ◆ Conduct training conferences to **raise up and equip leaders and workers**, to minister to the lost in their own communities
- ◆ Use our TRAP ministry to **serve German people with developmental delays** and to reach out to their parents and families

As you can see by this graphic, **Germany is strategically and centrally located** for ministry throughout Eastern and Western Europe, Central Asia, Balkan countries, North Africa and the rest of the Muslim world. The lines you see emanating from Germany, show some of the countries where Proclaim has **partnerships** and is currently focusing on **building up and multiplying the bride of Christ; His Holy church**.

- ◆ Be entrenched in a local church body and serve as workers and leaders
- ◆ Lead **Bible studies** and **small groups** in the church and in the community
- ◆ **Recruiting Christian workers** for campaigns in Germany and out of country
- ◆ Administrative duties for the office of Proclaim! Germany

God's calling

- ◆ God uses **different people for His many purposes** and missionaries focus on various callings. Some are gloriously called to service projects, some to health missions and others. **God has called us to an evangelistic mission; proclaiming the name of Christ and sowing seed in some of the hardest ground of the world.**
- ◆ Our **calling has been confirmed** by our mission, our home church family, our pastors, our mentors, our friends and the leadership of the North American Baptist Conference. We continue to be affirmed by other church leaders as we move through the deputation process.
- ◆ We **joyfully, humbly and gratefully accept God's calling** in our lives and are compelled by Him to deliver His message of **love, hope, grace, redemption and salvation** throughout the world.
- ◆ **God will provide.** He will deliver on His promises. **He has given us a God inspired, God driven and God sized calling.** God is still passionate about missions. Are you?
